

Quality Policy

Purpose/Objectives

This policy outlines the commitment to implementing and maintaining a quality management system by Zezt.

Scope

This policy applies to all employees of Zezt.

Policy

Zezt specialises in the manufacture and supply of extruded polyethylene pipe for the use in water transfer, gas and electrical applications.

The objective of the organisation is to supply products that are fit for use and have the desired quality in accordance with customer requirements and specifications. Our customers expect safe, reliable and competitive pricing on products, delivered in a timely manner.

The organisation is totally committed to implementing, maintaining and improving the quality management system based on ISO 9001. Furthermore, supporting the ongoing compliance of the certified product to AS/NZS 4130 for polyethylene pipes.

The successful operation of the system and adherence to these Standards relies upon the co-operation and involvement of staff at all levels. This policy shall be communicated and understood within the organisation and will be available to all interested parties and reviewed for continuing suitability.

Our commitment to quality will ensure the continued success of our organisation and the satisfaction of customers and staff.

Grant Ollington
General Manager (Zezt)
